About Dr. Marvin Salin

Dr. Marvin Salin has been a Scientific Review Administrator with the National Cancer Institute for 4 years. Previously, he was a program officer in the National Institute on Alcohol Abuse and Alcoholism. Prior to his NIH career, Dr. Salin was a Professor of Biochemistry and Molecular Biology at Mississippi State University where he retired and is now Professor Emeritus.

Dr. Salin has a B.S. from Brooklyn College of the City University of New York and an M.S. and Ph.D. degree from Florida State University. He was a post-doctoral fellow at the University of Georgia and Duke University Medical Center.

He is a retired U.S. Army Reserve Medical Service Corps officer and has been a Fulbright Fellow in Malta, a von Humboldt fellow in Germany and a visiting Professor of Chemistry at the United States Military Academy, West Point. Dr. Salin has organized and presided over more than two dozen special emphasis and contract review panels.

This NIH Regional Workshop is sponsored by the University of South Alabama's Offices of the Vice President for Research, the Vice President of Health Systems, the USA Mitchell Cancer Institute, the USA College of Medicine and the National Cancer Institute.
