

Developing Competitive Education Project Proposals for the NSF

Scott Grissom
Program Director, NSF
sgrissom@nsf.gov

**Learn to identify common strengths and weaknesses
of NSF proposals with a Program Director of the
NSF Division of Undergraduate Education.**

In this interactive workshop, Scott Grissom will give particular attention to the following elements of NSF proposals:

- Goals and Expected Outcomes
- Implementation Strategy
- Evaluation Plan
- Broader Impacts
- Dissemination Strategy

Participants will learn to prepare more competitive proposals for NSF education programs and develop a broader perspective on writing successful proposals. Q&A opportunities will be encouraged throughout the workshop.

Friday, April 1
9am – noon
Von der Ahe Suite,
3rd Floor, Hannon Library
Loyola Marymount University
