

COLUMBIA UNIVERSITY

Department of Microbiology & Immunology

Faculty Positions in Immunology and Host-Pathogen Interactions

The Department of Microbiology & Immunology at Columbia University, College of Physicians & Surgeons, is seeking to increase the representation of research in immunology and host-pathogen interactions.

We are therefore seeking outstanding candidates who are pursuing fundamental problems at the molecular, cellular and organismal levels in all areas of immunology and immune responses to commensal and pathogenic microbes. The positions can be filled at any rank from tenure-eligible assistant professors to full professor with tenure. Candidates are expected to maintain or develop an independent research program and participate in departmental teaching.

Competitive recruitment packages, including housing assistance will be provided. For further information about the Department and Columbia University Medical Center, please visit our website at <http://www.microbiology.columbia.edu>.

Please submit a current curriculum vitae, a 2–3 page summary of present and future research interests, and three letters of recommendation. Please visit our online application site at: <https://academicjobs.columbia.edu/applicants/Central?quickFind=61344> for further information about this posting, and to submit your application.

All materials should be received no later than Oct 31, 2015. Review of applications will begin immediately and continue until the positions are filled.
