

## NSF Proposal Route/Review/Submission Checklist

**Solicitation-specific instructions may supplement or deviate from these instructions.**

Always read the solicitation carefully. See RAS website for additional guidance relating to [REU Supplement](#), [GOALI](#), and [CAREER](#).

This checklist is intended to be used primarily for “Research – Not EAGER or RAPID” proposal types.

The NSF PAPPG [Chapter II.E “Types of Proposals”](#) provides additional guidance related to: [RAPID](#), [PLANNING](#), CAREER LIFE [BALANCE](#) (CLB), [EAGER](#), [RAISE](#), [GOALI](#), [Ideas Lab](#), [FASED](#), [Conference](#), [Equipment](#), [Travel Center](#), or [Research Infrastructure](#) type proposals.

Proposals may be submitted via Fastlane or Research.gov.

**\*\*PLEASE NOTE, once a proposal is created in Research.gov, the title CANNOT be changed\*\***

**WHEN ROUTING THE PROPOSAL TO RAS, PLEASE ENSURE SPO/AOR ACCESS TO SUBMIT HAS BEEN SELECTED, FOR MORE INFORMATION:**

[https://www.research.gov/common/attachment/Desktop/How\\_PIs\\_Share\\_Access\\_with\\_SPO\\_AOR\\_Final\\_508.pdf](https://www.research.gov/common/attachment/Desktop/How_PIs_Share_Access_with_SPO_AOR_Final_508.pdf)

\*Please note in Research.gov, ONLY the PI can grant SPO/AOR Access

**Official NSF Guidance effective for proposals with deadlines October 4, 2021 and later:**

**[Proposal & Award Policies & Procedures Guide \(PAPPG\), 22-1](#)**

**NEW WITH PAPPG 22-1:** Biggest changes to proposal preparation guidance are as follows:

1. **Biographical Sketches**, has been revised to increase the page limit for biographical sketch(es) to three pages. This section also has been updated to include reference to a new table entitled [NSF Pre-award and Post-award Disclosures Relating to the Biographical Sketch and Current and Pending Support](#). The table has been developed to assist users in completion of these sections of the proposal.
2. **Current and Pending Support**, has been updated to require that information on objectives and overlap with other projects be provided, to help NSF and reviewers assess overlap/duplication. This section also has been updated to include reference to a new table entitled [NSF Pre-award and Post-award Disclosures Relating to the Biographical Sketch and Current and Pending Support](#). The table has been developed to assist users in completion of these sections of the proposal.

**REQUIRED COMPONENTS** for Lead vs. Non-Lead organizations in simultaneously submitted Collaborative Research proposals (must be linked online prior to RAS review).

- Other Personnel: Budget detail for postdoctoral associates and other professionals must include the total number of persons for each position, with full-time equivalent person-months, and total salaries requested.
  - For students, secretarial/clerical/technical positions, the total number of persons and amount of salary requested in each category is required.
- Other Costs**
- Equipment should include only major equipment (over \$5,000) and each item of equipment must be specified in the budget detail.
  - Domestic and foreign travel costs should be budgeted separately
  - Participant Support Costs separately budgeted and includes number of supported participants
  - Other Costs (line G6) should be used for RA Tuition, Human Subjects incentive payments, and any other costs that do not fall in another category. Itemize in budget justification
  - NSF has clarified that costs related to a service agreement/contract are NOT participant support costs and should be under Other Direct Costs.**
- Calculated and Indirect Costs:**
- MIT Allocation costs:
    - Include S&W allocation under B.6 (“Other Personnel”)
    - Include M&S allocation under G.6 (“Other direct costs”)
    - Justify thoroughly, including rates and bases used.
  - MIT’s F&A rate is only applicable to Organized Research. If no federally negotiated indirect rate exists, a *de minimis* rate of 10% MTDC should be budgeted for indirect costs (including foreign subawardees) unless there is a specific exception in the solicitation. MIT policy for all non-research funded by federal sponsors (see: *de minimis*). Required to list the amount of total indirect costs, along with the current negotiated indirect cost rate(s) applicable per year.
- BUDGET JUSTIFICATION:**
- General**
- For additional guidance and template language, see [RAS: Budget Justification Templates](#)
  - 5 Page Limit to each Budget Justification (lead and subaward budgets)
  - Separate budget detail & justification required for each known subawardee organization.
  - Justification(s) should be clearly labeled, follow each line item in the budget, and accurately describe purpose of costs and basis of estimates.
- Personnel**
- “MIT fully supports...” statement is *prohibited* in the budget justification for NSF proposals. NSF considers this cost sharing. Do not include.
    - If no effort/salary is committed for any personnel, their role should be included under Facilities, Equipment, and Other Resources instead.
  - Any senior personnel at more than 2 months/year? If so must be disclosed in the justification.
  - Rate of pay for senior personnel, postdoctoral associates, and other professionals must be included in the budget justification.
  - Need to define and apply the term “year”. Example-MIT’s Fiscal Year goes from July 1 to June 30.
- Travel**
- Domestic and foreign travel costs should be justified separately. Trips must be specified by destination and cost. Include dates of visit if known
  - Conference attendance costs are only allowable if justified in terms of proposal objectives and/or dissemination of results.
- SUBAWARDS**
- NSF does not negotiate rates for organizations that are not direct recipients of NSF funding (e.g., subrecipients). Consistent with 2 CFR §200.332, NSF grantees must use the domestic subrecipient’s applicable U.S. Federally negotiated indirect cost rate(s). If no such rate exists, the NSF grantee must determine the appropriate rate in collaboration with the subrecipient. The appropriate rate will
