

Dear Colleagues,

We are delighted to invite you to the free professional development series (see below) for all higher education administrators, organized as part of [New York University's NYC Research Administration Demonstration \(RAD\) Series](#). RAD was created in partnership with the [Cohort for Efficiencies in Research Administration \(CERA\)](#). The 2023-2024 NYU NYC RAD series consists of the following sessions:

Session One

- Description: This session will cover all aspects of leadership roles in research administration. Audience members will gain a clearer picture about all the challenges that leaders face and have to solve. Subtopics include: professional sustainability, onboarding niche roles, metrics, working with faculty/de-stressing, etc.
- **When: Tuesday, December 19, 2023 at 12:00p-1:30p EDT**

- Description: Being proficient at pre-award is necessary to have post-award opportunities. The challenge is that post-award lasts a long period of time (beyond a proposal submission deadline) and involves a great deal of energy and documentation. Factor in that most of the worst-case scenarios in our profession result from post-award actions and this makes for a complex, somewhat fraught job. This presentation will examine post-award issues and best practices from the perspective of the departmental administrator.
- **When: Tuesday, January 9, 2024 at 12:00p-1:30p EDT**
- Where: New York University & NYU Langone Health are hosting – registrants will get a calendar invite with virtual Zoom webinar info.

Within our competitive hiring environment, seeking candidates with applicable skills is critical to bring in new research administrators and meet your organization staffing needs. The presenters will discuss how they identify good candidates with little or no research administration experience and how they ensure success.
- **When: Thursday, January 18, 2024 at 12:00p-1:30p EDT**

Audience members are encouraged to send questions ahead of the session to david.ngo@nyu.edu and we can incorporate into the session

As a reminder, RAD was created due to the current economic pressures, where it has become increasingly difficult to identify the required resources to train research administrators and aid their professional development/career growth. The goal of RAD is to provide information/knowledge sharing for all research administrators. New research administrators could utilize RAD as part of their new employee on-boarding, while veteran research administrators could utilize RAD for their continued learning (or refresher).

All RAD sessions are taught by national level, expert presenters. All RAD sessions are free (\$0 cost).

For questions, more information, RSVP or calendar assistance - please email Sara Sheffer-Pryce (ssp3@nyu.edu). NYU can provide CEU/CPE or certificate of attendance/completion, for folks who need it (e.g. CRA continuing education).
