CALL FOR POSTER ABSTRACTS

Wednesday, February 5, 2025: Aviation Cyber Education & Networking Day

This call for poster abstracts for the poster session at the ACI Cyber Rodeo hosted by the Center for Aerospace Resilient Systems (CARS) at ERAU is open to all students, faculty, and the ACI community. The top submissions may be invited to present at the tech talk sessions hosted during the event.

This poster presentation opportunity is to explore advances and future directions in aviation and aerospace systems. This year's topic is...

What can we do to improve the resilience of the aerospace ecosystem?

Accepting poster abstracts (no more than 250 words) in topics such as:

- Cybersecurity
- Resilient Systems
- Human Factors
- Threat Intelligence
- Emerging Technologies (e.g., AI)

Abstracts must be received by 5PM ET December 1, 2024. Submit via webform accessed by QR code or the following hyperlink:
https://forms.office.com/r/L18mPDMtqe
