

## Research Information Sheet

**Title of the Project:** Assessing Primary Care Providers' Perceptions Around Pre-Exposure Prophylaxis (PrEP) for Black Women

**UT Austin Investigator:** Sarah Schwarz, MPH, and Miguel Pinedo, PhD

You are invited to be part of a research study. Your participation is voluntary, and it is totally up to you to decide whether you want to participate. Even if you decide to be part of the study now, you may change your mind and stop at any time.

If you agree to take part in this study, you will be asked to complete an interview virtually via Zoom with one of the study team members in a private setting of your choosing. The interview questions will explore perspectives on providing PrEP outside traditional healthcare settings and readiness to support Black women in accessing and managing it in non-medical settings. The interview will be audio recorded and transcribed. After the interview is transcribed, the audio recording will be destroyed. The interview should take approximately 45 minutes.

You will receive a \$100 electronic gift card as a token of appreciation for your time. Payment received as compensation for participation in research is considered taxable income to the research subject. If payment to an individual is equal to or exceeds \$600 in any one calendar year, The University of Texas at Austin is required to report this information to the Internal Revenue Service (IRS). If the compensation you receive from participating in this research in combination with all other compensation received from The University of Texas at Austin is equal to or exceeds \$600 in the current calendar year, you must provide IRS 1099 related information.
